# Sadik Ture | Full-Stack Engineer | AI Developer | Team Leader

Ethiopia | +251921934032 | sadikture355@gmail.com | GitHub

## About me

Results-oriented Software Engineering student at Jimma University with hands-on experience in Full-Stack Development (Laravel) and AI Engineering (Python, FastAPI). I am currently an Intern Lead at JU-ICT, where I have worked since my third year, leading the internship team and delivering an AI chatbot-integrated event management system. I ranked 3rd at the JU AI Hackathon and built a students-only e-commerce marketplace for Jimma University. As President of the Oromo Students Union, I combine technical skill with leadership, teamwork and clear communication to build secure, reliable software.

## Work Experience

**JU-ICT | Intern Lead (Software Engineering)** *2024/25 – Present | Jimma, Ethiopia*

- Currently lead the internship team: assign tasks, coordinate teammates and keep delivery on schedule (internship period: Mar – Jun 2026).
- Built and maintained full-stack web solutions with Laravel and AI services with Python, working with ICT staff and peers.

**Jimma University | Elite Software Engineering Internship (Top 5)** *2-Year Program | Ethiopia*

- Chosen as one of the top 5 Software Engineering students for industry-level, production-ready software training.
- Delivered academic and practical projects in collaboration with peers and faculty.

## Volunteer Experience

**Oromo Students Union | President** *2024 – 2025 | Jimma, Ethiopia*

- Elected by peers to represent students; bridged communication between students and faculty and resolved issues.
- Organized student meetings, academic workshops and cultural events.

## Projects

**JU Event Management System with AI Chatbot** *JU-ICT*

- AI chatbot-integrated event platform built with Python/FastAPI and delivered to JU-ICT.

**Jimma University Student Marketplace (E-commerce App)** *Jimma University*

- Full-stack e-commerce app where only authorized Jimma University students can buy, sell and exchange goods such as books, electronics and watches.

**ICT Project Management System** *JU-ICT*

- Laravel web application built at JU-ICT.

## Achievements

- **3rd Place** – JU AI Hackathon, Jimma University
- **Top 5 Selection** – Elite Software Engineering Internship, Jimma University

## Skills

- **Technologies:** Laravel (Full-Stack), Python, FastAPI, AI Chatbot Integration
- **Professional:** Leadership, Teamwork, Communication, Time Management, Critical Thinking, Public Speaking, Project Management

## Education

**Bachelor of Science in Software Engineering**
Jimma University | 2022 – 2027

## Languages

English (fluent) | Afan Oromo | Amharic
